Experiments/practical is relevant to the topics covered in corresponding theory course.	228	588	48	864

Student Feedback Analysis and Action Taken Report

S. No.	Feedback	Action Taken
1.	Review and clarify course objectives & Course Outcomes to students	Course objectives & Course Outcomes were thoroughly reviewed for clarity. Clear and concise language was used to communicate objectives & outcomes to students.
2.	Evaluate elective offerings to better align with specialization streams and technological advancements.	Stakeholder input, including faculty and industry experts, was gathered to inform the evaluation process. Adjustments were made to elective courses to ensure relevance to specialization areas and emerging technologies.
3.	Ensure a consistent balance between theory and application across all courses.	A comprehensive review of course curriculum was conducted to ensure a consistent balance between theory and application. Course schedules were adjusted as needed to provide ample time for both theoretical learning and practical application.
4.	Enhance practical components of courses to provide more hands-on learning opportunities.	Additional laboratory sessions were scheduled to allow students more time for practical application of concepts. Faculty members were encouraged to incorporate real-world case studies and projects into their courses to enhance practical learning.
5.	Address issues related to the availability of lab manuals and access to lab materials.	Measures were taken to address issues related to the availability of lab manuals and access to lab materials. A system for tracking and managing lab materials was implemented to ensure availability when needed.
6.	Continuously update course content to remain relevant to recent trends and real-life problems.	Faculty members were encouraged to stay abreast of recent trends and real-life problems in their respective fields. Regular curriculum review meetings were scheduled to identify areas for content updates and improvements.

Action Taken Report

Alumni Feedback

S. No.	Feedback	Action Taken
1.	The curriculum may be expanded to include more classes focused on skills and jobs oriented.	The curriculum has been enhanced and examined in light of this.
2.	For the purpose of student development, career counseling and expert talks may be offered. Students may enroll in a program for the development of their personalities and soft skills.	Periodically, industry professionals were scheduled to provide guest lectures. For the purpose of developing soft skills, several workshops are held for all programs.
3.	The amenities in libraries need to be improved to accommodate students' needs nowadays.	To improve the e-learning resources, subscriptions to multiple databases have been secured.

Action Taken Report

Employer Feedback

S. No.	Feedback	Action Taken
1.	Students need more exposure to industry.	Industry visits, real projects for students in all degree levels, and frequent guest lectures by business professionals are just a few of the mandatory activities.
2.	Students should stay informed and pay attention to the domain requirements.	Value addition courses have been explicitly introduced by the university, and enrollment in relevant MOOCs is encouraged.
3.	HR at the organization suggests taking personality development classes.	The university already has a specialized center for career counseling and guidance, and events are planned to improve all areas.
4.	The corporate and industrial guests have given positive remarks overall.	Concerned employees have received sufficient training to interact with guests and visitors in a polite and respectful manner. The management regularly inspects the food's quality and cleanliness. Maintaining good standards also includes keeping the campus clean.
